SUMMARY

Enthusiastic and motivated UX/UI Designer seeking an entry-level position to apply my skills in user research, wireframing, and interactive design. I am passionate about crafting intuitive and engaging user experiences and eager to contribute to a collaborative team environment. Committed to continuous learning, I strive to apply user-centered design principles to deliver impactful digital solutions.

PROFESSIONAL EXPERIENCE

Industrial Trainee, SELISE Digital Platforms

April, 2025 - Present

- Completed an intensive 1-month software training program at Selise Digital Platform, gaining comprehensive exposure to the end-to-end software development lifecycle, including frontend, backend, and UI/UX design.
- Acquired hands-on experience in user research, wireframing, and interactive design, while also developing a strong foundation in team collaboration and project execution under the guidance of team leads.
- Participated in team-based projects that simulated real-world workflows, enhancing my ability to work collaboratively in agile environments and understand the dynamics of effective team coordination and project delivery.

PROJECTS

One Tap to Save a Life : Blood Donation App UX

[Link](#)

Designed a Blood Donation App as part of a comprehensive UX case study, incorporating user research, ideation to address real-world user needs and enhance the donation experience.
